

DREAM | **AWARD**
AN HTRS AND ATHN MENTORED
RESEARCH AWARD

**Supported by an independent medical
educational grant from Takeda**

HTRS/ATHN 2019 DREAM Award Recipient

Divyaswathi Citla Sridhar, MBBS

Pediatric Hematology/Oncology Fellow

University Hospitals Rainbow Babies & Children's Hospital

Case Western Reserve University

Mentor: Sanjay Ahuja, MD, MSc, MBA

Co-Mentor: Robert Sidonio Jr., MD

Project Title: "Platelet Function Disorders – Practice Patterns from U.S. Hemophilia Treatment Centers"

Dr. Citla Sridhar attended medical school at PSG Institute of Medical Sciences & Research, India, followed by residency at University of Texas Health Science Center at Houston, and is currently a third-year pediatric hematology oncology fellow at Case Western Reserve University/Rainbow Babies & Children's Hospital, Cleveland, OH. She intends to pursue an academic career in hematology, focused in hemostasis and thrombosis, as a clinician and a clinical investigator. Dr. Citla Sridhar's DREAM Award aims to understand the practice patterns in diagnosing and managing platelet function disorders (PFD) across the U.S. and using the ATHN dataset. This study will help characterize bleeding phenotypes in patients with PFD, identify diagnostic challenges and help design future research in PFDs.
