# HTRS INSTITUTE WORKSHOPS: NOW OPEN TO MEMBERS AND NON-MEMBERS

---

OPEN TO ALL HTRS INDUSTRY PARTNERS  
YOUR TOPICS | OUR EXPERTS

The Hemostasis and Thrombosis Research Society, Inc. (HTRS, [www.htrs.org](http://www.htrs.org)) is pleased to announce our newest program, the HTRS Institute.

## WHAT IS THE HTRS INSTITUTE?

Much more than your average speaker's bureau, the HTRS Institute empowers you to customize educational or scientific events to meet the needs of your employees or project teams – focused entirely on topics of your own choosing. Purchasing an HTRS Institute event brings key opinion leaders in hemostasis and thrombosis directly to your target audience.

With the Institute, you have the option to request HTRS member speakers you know who fit specific needs of your meeting. Not sure which of our experts to choose? Our HTRS Institute Planning Committee and staff can suggest a list of members to consider based on your content. In addition, the HTRS staff stands ready to handle all the logistical arrangements to make your event a success.

- **Create customized educational or scientific events for your team**
- **Host events in-office or meet during national hematology conferences**
- **Choose from a variety of workshop options (in-person, hybrid, or virtual)**
- **Allow HTRS to handle all meeting logistics**

The **linked Prospectus** below provides information on potential events and pricing. Not sure what you have in mind fits one of the listed options? Reach out to HTRS meeting management at [meetings@htrs.org](mailto:meetings@htrs.org) or call **+1 856.471.7211** to discuss customizing your own Institute event.
