

**Hematologist**  
**Bleeding & Clotting Disorders Institute**  
**Peoria, IL**

**Bleeding & Clotting Disorders Institute (BCDI)** seeks a full time hematologist to join our growing team. We are the **only federally recognized, non-profit Hemophilia Treatment Center of Excellence south of Chicago**. BCDI draws patients from 15 states. Referrals come from physicians, hospitals, and self-referrals throughout the “downstate” Illinois area. At BCDI, your career and your patients will benefit from:

- An experienced team of physicians, APNs, RNs, and MAs, social worker, physical therapist, grants manager/research coordinator, education coordinator, research assistant/data manager, and lab supervisor.
- Our laboratory provides many, if not more, services that local hospitals and larger clinics provide (e.g., Siemens BCS XP Hemostasis Analyzer, Sysmex XS1000i, Chronolog 700, Siemens PFA 1000, COAGSENSE).
- An in-house URAC- and ACHC-accredited pharmacy with an active Public Health Services 340B Pharmacy Program.
- The opportunity to participate in both **clinical and translational research**. BCDI strongly encourages and promotes our physicians’ research efforts and offers technical support from our dedicated, in-house research team. Faculty appointment available at University of Illinois College of Medicine at Peoria.
- BC American Board of Internal Medicine (or BC IM/Pediatrics); BE/BC Hematology
- Candidates must be comfortable seeing both adult and pediatric patients with blood problems.

**Peoria, Illinois** is the second largest city in central Illinois and a major port on the Illinois River. Located two hours south of Chicago and north of St. Louis, you and your family will find much to love about this midwestern city: scenic skylines, energetic nightlife, a lively performing arts scene and miles of mountain bike trails in addition to excellent schools and institutions of higher learning, affordable living and so much more!
