Massachusetts General Hospital
Mass General Hospital for Children
Pediatric Hematology-Oncology
Faculty Position

The Department of Pediatrics, Division of Hematology-Oncology at the Massachusetts General Hospital (MGH) and Mass General Hospital for Children (MGH/C) is seeking a candidate for a full-time junior faculty position to join a multidisciplinary team of researchers and clinicians. The successful candidate will have earned an M.D. or M.D./Ph.D. or equivalent and be BC/BE in Pediatric Hematology and Oncology.

Applicant should have strong skills in clinical patient care and teaching, and an interest in participating in clinical/translational research.

Particular interest is in recruitment of individuals with expertise and interest in non-malignant hematology with a focus on bleeding and clotting disorders. Academic appointment at Harvard Medical School at the level of Instructor or Assistant Professor will be commensurate with experience, qualifications, and achievements.

Pediatric Hematology-Oncology at MGH seeks candidates whose experience, teaching, research and community service have prepared them to contribute to our commitment to excellence and diversity. Collaboration with other pediatric subspecialists provides an enriching clinical, academic and research experience.

Interested candidates should submit a curriculum vitae and a one-page narrative of clinical, teaching and research interests to:

Howard J. Weinstein, M.D
Chief, Pediatric Hematology-Oncology
Mass General Hospital for Children
55 Fruit St. – Yawkey 8B
Boston, MA 02114

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.
