

Pediatric Hematology Oncology Director Opportunity on Florida's West Coast

OPPORTUNITY

BayCare Medical Group is seeking a Board Certified, Pediatric Hematology-Oncology specialist to oversee the Pediatric Hematology-Oncology Program at St. Joseph's Children's Hospital in Tampa, Florida.

The Medical Director participates in short and long term strategic planning for the program. Responsibilities also include development and implementation of clinical pathways, care guidelines, and serving as a liaison between community physicians and the hospital. The Medical Director position is 0.25 FTE, allowing the physician to join three colleagues in our established Pediatric Hematology-Oncology clinical practice.

Our division includes three full time Board Certified Pediatric Hematology-Oncology physicians and two mid-level providers along with full support staff. Our office, clinic, infusion center, inpatient unit, and day hospital are all conveniently located within the Children's hospital. We are an Accredited Hemophilia Treatment Center. We also have a Comprehensive Sickle Cell Program and Long Term Survivorship Program. We are highly active in COG.

ST. JOSEPH'S CHILDREN'S HOSPITAL

St. Joseph's Children's Hospital is one of 15 hospitals that encompass BayCare Health System, Tampa Bay's largest, not-for-profit, community owned health system. With 80 pediatric physician specialists representing 25 medical and surgical disciplines, St. Joseph's Children's Hospital treats more children than any other hospital in Tampa Bay and is proud to offer specialized in-patient and outpatient pediatric care to children and their families in multiple locations throughout west central Florida.

LIVING IN TAMPA BAY

If you love sunshine and a no-hassle lifestyle, then living in the Tampa Bay area is for you. The weather is beautiful year-round, some of the country's best beaches are only steps away, and there are endless activities for you and your family. There's never a snow day, and with our sunny weather, warm days, and tropical breezes, it's easy to settle into our casual Florida lifestyle. Florida's Gulf Coast offers a rich diversity of inland, coastal, metro and suburban communities. We have some of the most beautiful places to live – including vibrant historic neighborhoods, small cities and quaint towns.

In the Tampa Bay area, you'll find a thriving business sector, a strong economy and an average newcomer age of just 35. The area is also an affordable place to live with a low cost of living index and no state income tax. Additionally, the area offers a strong public school system, a wide variety of private schools, and many local colleges and universities for educational development.

A great health care organization and a wonderful place to live – we think you'll love working and living in the Tampa Bay area.
