HTRS 2017 Mentored Research Award Recipient

Maissaa Janbain, MD

**Assistant Professor in Clinical Medicine – Hematology/Oncology
Tulane University**

**Mentor: Cindy Leissing, MD Co-Mentor: Rebecca Kruse-Jarres, MD, MPH
Project Title: “Pro-AT: Adjunctive Antifibrinolytic Therapy with Factor
Concentrate Prophylaxis in patients with Hemophilia A and B”**

**Dr. Maissaa Janbain received her MD degree in 2005 from the Faculty of Medical Sciences at the
Lebanese University in Lebanon. She then pursued a residency in internal medicine at Case**

Western Reserve University in Cleveland, Ohio. In December 2014, she completed a fellowship in Hematology/ Oncology at Tulane University. In January 2015, she joined the faculty at Tulane as an Assistant Professor in Clinical Medicine in the Department of Medicine, Section of Hematology/ Oncology. During her fellowship, she was granted the NHF-Baxter fellowship award allowing her to dedicate more time in training and research in the domain of coagulation medicine and especially the care of patients with hemophilia. Dr. Janbain has a particular interest in global assays including thromboelastometry and thrombin generation tests and their clinical application in various hematologic disorders. She is also interested in improving the adherence to treatment and therefore the quality of life of patients with hemophilia. Her current research focus on improving the outcome of prophylaxis in patients with hemophilia with the addition of antifibrinolytics. She is board certified in Internal Medicine, Hematology and Medical Oncology.
