

This educational course and U.S. attendee travel, lodging and registration is supported by Octapharma and the course is offered in collaboration with the Malmö Centre for Thrombosis and Haemostasis, Lund University, and Skåne University Hospital

Malmö Course 2019 Award Recipient

Jennifer G. Davila, MD, Assistant Professor

Children's Hospital of Montefiore

Mentor: Deepa Manwani, MD

Course Title: "Von Willebrand Disease – From Theory to Clinical Practice"

Recipient: 2018 HTRS/ATHN DREAM Award

Dr. Jennifer Davila graduated with a Bachelor of Science degree from the State University of New York at Binghamton in 2000. She graduated from Ross University School of Medicine in 2007 and completed her residency in Pediatrics at SUNY Downstate Medical Center in 2010. She went on to complete fellowship at the joint program between Memorial Sloan Kettering Cancer Center and New York-Presbyterian Hospital of the Weill Medical College of Cornell University in 2014.

Dr. Davila joined the faculty as Assistant Professor of Pediatrics in the Division of Pediatric Hematology/Oncology at the Children's Hospital at Montefiore in 2014. Her efforts led to the establishment of the Hemophilia Treatment Center at Montefiore in 2016, of which she is the co-director. Her goals for Malmö include gaining new knowledge about the role of mildly low VWF in bleeding in pediatric patients, specifically in adolescent girls with heavy menstrual bleeding.
